

MILLIE'S DINER & THE DEVIL'S MESS

~PAUL KEEVIL, PROPRIETOR

Growing up in the UK meant that an integral part of life was having a curry after the pubs closed. Fast forward to Los Angeles in the 1980s, when a love for food in general and Indian cuisine in particular led me to open Millie's in the Silver Lake District.

Named for its previous owner, Millie's LA is where the Devil's Mess and other components of our current menu originated, then enjoyed by The Who's Who of the rock and film world. Whilst renovating that restaurant, we discovered a note pad — from the 1930s or '40s — and found that the diner's previous name was The Devils Mess! We just had to use it for a menu item.

An instant hit, the Devil's Mess continues starring here at Millie's in Richmond, where it's been on the menu since 1989. An open-faced omelette with curry-style spices, sausage, eggs and tomatoes, and finished with melted cheese and avocado, it's always accompanied by our spicy home fries and a flourish of Sriracha. The last 39 years have seen many messes. We've found that there's never been a shortage of cultural messes to offer up inspiration.
